The screenshot shows the 'Nachricht Signieren/Verifizieren' screen. At the top, there is a status bar with 'Nur Notrufe' and various icons. Below that is a blue header with the title. The main content area contains the instruction: 'Sie können eine Adresse zum Signieren und Verifizieren einer Nachricht verwenden.' followed by three input fields labeled 'Signiere Adresse', 'Nachricht', and 'Signatur'. At the bottom, there are two buttons: 'VERIFIZIERUNG' and 'UNTERSCHRIFT'.

- Now type your coinomiwalletaddress
- Type the message AIRDROP
- And press on the right bottom Signature

Sign a message with the coinomultiwallet

- You will see a signed message in the third line
